

## CHANCE EXPECTED TO SIGN BY NOON TO-DAY

Long Conference With Farrell in Chicago Tempers His Retirement Idea.

MAY GET OVER \$20,000

Reported That Block of Stock Is Added to Offer of Salary.

Chicago, Jan. 7.—Unless all indications fail, Frank B. Chance will be signed by the Chicago Cubs to-day. The manager of the New York Highlanders by noon to-morrow. Chance is expected to be offered a salary of \$20,000 a year, with a block of stock added to the offer.

Mr. Chance, who is said to be an offer of a contract for a term of years, is expected to be offered a salary of \$20,000 a year, with a block of stock added to the offer. The offer is expected to be made by the Cubs, who are in a position to make a big splash in the market.

Chance and Farrell were in conference through almost the entire day. At first the former leader of the Cubs staggered the manager of the New York Highlanders by his offer to sign Chance, but he did not believe Mr. Farrell could make any offer that would cause him to alter his intention of staying at his Glenside, Cal., home for the winter.

"I feel most hopeful now," said Mr. Farrell late to-night. "Frank Chance is a fine man and I am glad that I now can count him among my friends. He was ready to leave the Cubs, but I believe that he has seen that it was to his benefit as well as to that of the New York club and the game in general, for him to join us as our commander on the field. His acquisition would mean the making of our team, and I surely hope that the expectation I express when I say I believe he will sign to-morrow will be fulfilled."

EXTRA PERIOD NECESSARY.

St. John's Breaks Tie and Wins Out by 20 to 24.

An extra five minute period was necessary to decide the honors in the basketball game between St. John's College and Niagara University at the former's gymnasium to-night. The game was a close one, with St. John's leading 24 to 23 at the end of the regulation time. In the extra period, St. John's won by a score of 29 to 24.

Rough play marked the work on both sides. Frequent fouls were called and time had to be called on numerous occasions. Traces sustained a bad cut over the left eye in the second half and McCann was knocked out in the opening half. Both returned to the game.

Niagara led at the finish of the first half 14 to 12, and in the greater part of the second half, when St. John's put on extra speed and the score balanced out one way and then the other until the whistle blew with the point tally figuring 22 to 22. St. John's played the opponents in the extra period and won by a three point margin.

WESLEYAN OUTLAYS YALE.

Wins Its First Basketball Victory Over the Blue by 20 to 17.

New Haven, Conn., Jan. 7.—The Yale basketball team in the opening game of the season was defeated here to-night by the Wesleyan five by a score of 20 to 17. It was the first time in the history of basketball that Wesleyan had beaten Yale. The visiting team outplayed the Blue at every turn and led from start to finish. The Wesleyan team was well balanced, nearly all the players scoring, while Yale's playing practically all was done by Capt. Keith, who had poor support from his men.

The lineup: Wesleyan: Positions: Adams, forward; Eaton, forward; Haywood, forward; Keith, forward; McKinnon, forward; Parker, forward; Crane, forward; Haywood, forward; McKinnon, forward; Parker, forward; Crane, forward; Haywood, forward; McKinnon, forward; Parker, forward; Crane, forward.

## MACK SENDS PITCHERS SOUTH.

Bender, Combs and Plank Already Training in Texas.

Connie Mack has stolen a march on the other American League managers. Already his three star pitchers, Chief Bender, Jack Combs and Eddie Plank, have begun their winter training in Texas. Mack ordered Bender, Combs and Plank to San Antonio last week. He instructed them to first take long walks and road runs to get into shape, then to do this kind of exercise. Mack will have the men do some fielding and batting to gradually get the kinks out of their legs and arms. Early in February the trio will begin fast pitching, increasing the daily grind in the box until their salary wages become steeled for top speed when the pennant race begins on April 16.

The appearance of Bender, Plank and Combs on Texas soil this early beats all records. No major league players ever have received orders to begin training so soon. But Mack has set his heart on winning a world's championship next fall and he admits that in order to accomplish that feat he must have Bender, Combs and Plank in absolutely top condition from the outset. If the Big Three are right when the gong rings on April 10, Mack believes that the Athletics will get away to a flying start, and that Mack will head them thereafter. The veteran manager has two excellent young pitchers in Brown and Houck, but he is not banking on them.

It is the rejuvenation of Bender, who has promised to be a model young man, Combs, the typical iron man, and Plank, one of the best southpaws in the game, upon which the success of the Athletics largely must depend this year. Mack, in sending his star boxmen to San Antonio, evidently wants to find out as soon as possible how much he can expect from them. Incidentally Mack has planned to pit the Athletics against the Giants during their stay in Texas and would greatly relish a victory over two. Meanwhile the other American League managers are just beginning to realize that Mack is putting on war paint about six weeks earlier than usual.

Jack Boyle, once a leading catcher, is dead. He first attracted widespread attention when he was the catcher of the famous Silver King on Comiskey's St. Louis Browns in 1888 and 1889. Boyle and King jumped with Comiskey to the Chicago Brotherhood club in 1890. Boyle returned to St. Louis, which was in the National League, in 1891, and later he became a member of the Giants. He caught and played first base on Arthur Phillips, and remained with them until 1895, when he retired.

C. W. Murphy, in securing Roger Bresnahan for the Cubs, believes that he has not only strengthened the team but also will quell some of the wild clamor raised by the turning out of Chance. Incidentally, Bresnahan's engagement may open the eyes of James Archer, who recently told the Cubs' owner that he would not catch again unless he received \$10,000 a year. Persons who enjoy predicting trouble seem to think that Murphy's managerial move will result in a downward in hiring Sir Roger. If Evers, the present manager of the Cubs, should fail, Bresnahan could take the job where Evers left off. Meanwhile Evers must receive credit for getting the signing of Bresnahan, who will be played in center field and will lead off for the Cubs while Archer is used behind the bat as much as possible. The Cubs' season ticket sale for a total of \$50,000 for three years. He demanded a five years engagement, as told in Monday's Sun, but Murphy won him over by agreeing to pay \$10,000 now.

NO MAJORITY: ELECTION VOID.

New Members of the Registration Committee Still Unchosen.

At the special election held by the Metropolitan Association yesterday for the purpose of electing two additional members to the registration committee none of the twelve candidates received a majority vote which is prescribed by the Amateur Athletic Union constitution. The result was declared by James E. Sullivan, president of the Metropolitan Association, to be no election, and Mr. Sullivan today will decide whether or not to take another ballot vote or to call a special meeting of the board of managers of the Metropolitan Association for the purpose of reaching a decision.

The second highest vote went to John J. Deigan of the St. Bartholomew Club, an active worker in the athletic field, who received the high vote of thirty-four, but despite his popularity it will be necessary to hold another election before Mr. Deigan can achieve his ambition. Mr. Deigan is one of the progressive candidates who is in favor of holding open meetings to which the newspaper men will be admitted for the purpose of transmitting to the registered athletes the results of the meetings of the registration committee.

FLYNN CAN'T RETURN TO YALE.

Director of Scientific School Says Unconventional Marriage Bars Him.

New Haven, Conn., Jan. 7.—According to the regulations of the Sheffield Scientific School, Lefty Flynn, Yale's big halfback, has been barred from returning to the school because of his unconventional marriage. Prof. Chittenden made it clear that marriage did not necessarily bar an undergraduate from continuing his studies at Sheffield, but that such an unconventional one as Flynn's was reported to be a bar.

Director Chittenden stated that Flynn had been a good scholar and that although he was twice a freshman that was due to illness the first year. He was not an honor man, so it was stated, but his work has been satisfactory to the Sheffield faculty. Flynn was one of the Yale men on whom the second degree in San Salvador, El Salvador, was to be worked on Friday evening of this week, and even in the face of his marriage his Yale friends believe that he will be in town then.

Wilmington Del. Not to Move.

WILMINGTON, Del., Jan. 7.—Peter L. Cassidy and Thomas Brown, owners of the Wilmington Tri-State League club, this morning stated that there was no truth in the rumor that the team would play at Williamsport or was for sale. They say that the team will open the season in this city at the time set for the schedule.

Ruddle Says He Has a Chance.

MILWAUKEE, Wis., Jan. 7.—Bart J. Ruddle, manager of the 1912 Vanderbilt Cup race here, denies that the 1913 race can have been awarded to Savannah, as reported from New York, for he says to-day he received word from the motor cup holding company that Milwaukee would have an opportunity to be heard from before the award finally was made.

Two American Horses Triumph.

NICE, Jan. 7.—American owned horses scored in the jumping races here to-day. In the Prix de Prince de Monaco Charles Kohler's Va Tout finished first ahead of ten other horses. Jockey Williams rode. The favorite, the American winner brought thirteen. Mucadin, owned by another American, James Hennessy, captured premier honors in the Prix Jasmira.

## HOCKEY LEAGUE SEASON OPENED

St. Nicholas Team Defeated by Hockey Club Seven in Inaugural Game.

NEW MEN BIG FACTORS

Castleman Returns to Game and Plays Flashily—Final Score, 3 to 1.

The tournament of the Amateur Hockey League opened last night in the St. Nicholas Skating Rink with a game between the St. Nicholas team and the Hockey Club of New York. The Hockey Club won by a score of 7 to 1, and the cheer players gave after the finish showed how pleased they were that at last they had broken a record. It was a by-word in the rink in former years that the Hockey Club was always due to upset calculations and win a game. Sometimes this was true but it is two years since this club was a winner. It has been the tail-end in the tournament for many years, but the players always have taken their medicine well and consequently the victory last night was a popular one.

It was not the same old team, though. The veterans have retired and their places have been taken by younger players, and two of these, Castleman and White, were members of the New York Athletic Club. Castleman played a good game, considering that he has been on the bench for a season. In 1911 he was hurt severely, falling on a skate, and it was thought that he never would play again. He has made his reappearance and scored two goals made by his team and participated in the third. He has not forgotten any of his old tricks, though, and his famous scooping trick caused the displeasure of the referee and he spent eight minutes on the sideline as punishment last night.

The game was not one of very high merit, but the warm weather and the players not yet being keyed up were responsible for this. The St. Nicholas team did well, but was weak at point. The line improved as the game progressed and toward the end forced the playing. Washburn was as cool as ever at goal, and turned the puck aside without apparent effort. Stanley and Chew did good work on the line.

Lewis made many remarkable stops for the Hockey Club, and he was well supported in the defense by Bert White and Britton. Castleman played his old position, rover, and was very active throughout the contest.

The game started in a spectacular way. For a few seconds the puck was rushed up and down the ice and then after thirty-nine seconds of this work Chew received the puck on the right wing and sent a hard shot at Lewis, which that player was unable to stop, and the St. Nicholas team took the lead. This lead, however, was short lived. The scoring seemed to put him into the Hockey Club line and the puck was rushed from the face of the St. Nicholas goal. Then there was a short scrimmage and Castleman was able to shoot the puck into the net.

With the score even both teams settled down to hard work. For seventeen minutes the battle was a strenuous one. Both goals were attacked, but each defense was good and many hard straight shots nearly were turned aside. The forwards worked hard, but each man was carefully covered, so that there was little chance of any team work. Once during this battle Britton grew a little hot and slashed viciously at an opposing player. Referee Martin caught him and sent him to the bench for two minutes to cool off, but even with Britton out of the ice the St. Nicholas players could not score. After 17 minutes 47 seconds from the time the game started, Castleman made a pretty run, getting through his opponents' line and close up to the net. Then with a clever shot he landed the puck in the cage, and the Hockey Club took the lead. There was no more scoring in the first half.

The teams lined up again after the usual rest and each played warily for a few minutes. The Hockey Club was content to let its opponent make the attack. Then the game grew warm again and the puck was rushed fast. After 5 minutes 15 seconds from the start of the game for the Hockey Club, Castleman had carried the puck down the ice and into the corner behind the net. He made a good pass out to Mackenzie, that ended the scoring. The St. Nicholas team made desperate efforts to score, but each shot sent at Lewis was turned aside. In the heat of the fray, Castleman offended twice, once he was sent to the bench for two minutes for tripping, and a little later, being caught again, he was sentenced to five minutes.

The lineup: Hockey Club: Positions: St. Nicholas: Lewis, goal; White, forward; Britton, forward; Washburn, forward; Stanley, forward; Chew, forward; Mackenzie, forward; Lewis, goal; White, forward; Britton, forward; Washburn, forward; Stanley, forward; Chew, forward; Mackenzie, forward.

CAETS TO PLAY HOCKEY.

Army Schedule Begins To-morrow in Game With Dartmouth.

West Point, N. Y., Jan. 7.—The Army will open its hockey season here to-morrow night with Dartmouth. The cadets have arranged a strong schedule and have been acting in a very competitive manner. There has been but little opportunity for practice on the ice.

Efforts will be made to flood an artificial ice on the tennis courts on the grass plain, but it is likely that most of the games will be held on Lusk Reservoir or on Chapel Hill.

The schedule follows:

January 8, Dartmouth; 10, Bates; 11, Bowdoin; 12, Colby; 13, Cornell; 14, Dartmouth; 15, Harvard; 16, Princeton; 17, Yale; 18, Williams; 19, Amherst; 20, Tufts; 21, Cornell; 22, Dartmouth; 23, Bates;
